

Check List Before coming to Japan

To ensure a smooth and safe experience, all participants (students and accompanying faculty) are requested to carefully review and complete the following items before departure:

◆ Flight Schedule

- ❑ Confirm your round-trip flight schedule does not conflict with any program arrangements.
- ❑ Kindly be aware that public transportation options may be limited if you arrive in Japan on a late-night flight.
- ❑ Share your flight details (airline, flight number, arrival/departure time) with your accompanying faculty.

◆ Travel Insurance

- ❑ Purchase travel insurance that covers at least the following items:
 - Overseas medical expenses (hospitalization, treatment, etc.)
 - recommended coverage: at least 2 million Japanese Yen (about USD 13,500).
 - Accidents and personal injury
 - Emergency evacuation and repatriation
- ❑ Carefully check the insurance policy details before departure.
- ❑ Share your insurance details with your accompanying faculty.

Medical expenses in Japan is very expensive.

CASE 1: a participant with a shrimp allergy needed emergency hospitalization and paid about **300,000 JPY (about USD 2,000)** because his insurance did not cover overseas medical costs.

CASE 2: a participant became severely ill in Japan, resulting in hospitalization costs of around **18 million JPY (around USD 120,000)**.

◆ Accommodations

- ❑ Confirm your accommodation reservation covers all dates of the program.
- ❑ Share your accommodation details with your accompanying faculty.
- ❑ Ensure you are aware of the check-in and check-out time.

◆ Health and Safety Responsibility

- Take full personal responsibility for your health and safety during the program.
- If you have any known medical conditions or allergies, please:
 - Inform your faculty leader in advance.
 - Carry necessary medication all the time.
 - Avoid food or situations that may trigger your condition.

In case of any unexpected situation,
please contact your accompanying faculty/leader ASAP.
